3. Speaking Assessment (Chinese Language) for F1 and F2 students

In view that some new arrival students in our school are not yet accustomed to speaking assessment in Cantonese, we have decided to allow new arrival students in Secondary 1 and 2 to choose to use Putonghua for speaking assessment (including daily speaking assessment, examinations and the territory-wide system assessment TSA taken in Secondary 3). Parents should consider that if your children choose to have their speaking assessment in Putonghua, they must submit an application form (which can be obtained from the Chinese subject teacher) and explain the reason on or before 2/5 (Friday), such as if they have been in Hong Kong for less than two years. After consultation with the Chinese teacher, students will be notified of the application results. Parents should consider that once you apply to choose Putonghua as the assessment language, it cannot be changed at will. Routine assessments will also be conducted by subject teachers, who may not necessarily have recognized Putonghua qualifications. If you have any inquiries, please contact the Chinese Panel Head, Ms. Chan Yin King.

4. Lunch arrangement for junior form

The lunch order form for May and June has been distributed to junior form students in early April. If parents would like to order school lunch, please submit the order form and the fee before 30th April.

All schools operate as usual unless advised otherwise by the Education Bureau.

Please pay attention to radio or TV announcements about updates on weather, road and traffic conditions.

When a  **RED** or  **BLACK** rainstorm warning signal is in force

If a signal is issued during the following periods, it means that students **need not attend school**.

At or after 5:30 am and before 8:00 am	AM and Whole-day Schools
At or after 10:30 am and before 1:00 pm	PM Schools

- Students who have not left for school should stay at home.
- Schools should keep their premises open until the end of normal school hours and implement contingency measures, including arranging staff to look after those students who have arrived at school.
- Parents need not pick up their children immediately.
- If students are aware of class suspension announcement on the way to school, they should decide whether to continue their journey to the school in light of rainfall and road, slope or traffic conditions.
- Students who have arrived at school should stay there until it is safe to return home.

If a signal is issued during the following periods,
it means that students should **continue with their lessons**.

At or after 8:00 am	AM and Whole-day Schools
At or after 1:00 pm	PM Schools

- Students should continue with their lessons until the end of normal school hours and return home when the conditions are safe.
- Parents need not pick up their children immediately.

Points to note:

- Parents and students should pay attention to radio or TV announcements about school and public examinations in the event of rainstorms.
- In the event of unfavourable weather, road or traffic conditions, parents could exercise their discretion when deciding whether to send their children to school.
- Schools will make allowance for students who are late owing to inclement weather or absent on their parents' advice.
- School bus drivers should pay attention to radio announcements about rainstorm updates, and ensure that students are taken to a safe place, usually the school they attend, unless road or traffic conditions are unfavourable.
